

**If you are on the moon and need an organism that can grab hold things like you. Which organism would you choose?**

**They call me “the strongest animal on Earth”. I withstand all harsh environments (hot – cold – drought – storms...). Who am I?**

**If you are facing ionized ultraviolet radiations, you will definitely need me!**

**If you are in a place full of chemicals, I can help you!**

**If you are planting in the international space station and there are bacteria which eat your plants. Which organism would you use to defeat them?**

**You and me use our legs to anchor ourselves to eat and drink. Who am I?**

**I have undefeated immune system, even in space. Who am I?**

**I reproduce rapidly and successfully in space. Guess who!**

**You need to leave an organism in a dry area without being afraid that it will die. Who will you leave?**

**I withstand:**  
☒ **Extremely low temperature (less than 100° Celsius)**  
☒ **Low oxygen concentration**  
☒ **Low humidity**  
**Who am I?**

**I am transparent so you can study my internal organism easily in space. Who am I?**

**In space, you'll suffer from bone loss, but another organism won't suffer. Who is it?**

**I have undefeated immune system, even in space. Who am I?**

**I am shielded, and I can withstand radiations. Who am I?**

**My inner ear works perfectly even in space! Guess who!**

**I am the first animal ever to rotate around the moon and return safe home! Who am I?**

**In space your child will behave  
as I behave! Who am I?**

**If I couldn't adapt in space  
environments your baby won't  
adapt! Who am I?**

**If you desire to make a greenish  
decoration in the International  
Space Station; I may help!**

**If you crave salad on the  
international space station, you  
will need to plant me before you  
prepare your salad dish! Who  
am I?**

**You studied the effect of  
radiation on my DNA. Who am I?**

**Surprisingly, I grow more  
efficiently in space!**

**I am the first animal ever to  
reproduce in space! Who am I?**

**When you eat me, your  
homesickness may mitigate.  
Who am I?**
